Lenovo Wireless Multi-Mode Pro Keyboard 6000

Silent keys. Smart pairing. Strong battery.

Designed for those who demand clarity, control, and calm in a busy workplace, the Lenovo Wireless Multi-Mode Pro Keyboard 6000 turns your desk into a powerhouse. Silent typing. 3 device pairing. Bluetooth® 5.3 or 2.4 GHz connectivity. It delivers uninterrupted flow from thought to screen.

Why you need the Lenovo Wireless Multi-Mode Pro Keyboard 6000

Made for work

Typing shouldn't be hard. That's why this keyboard was built to disappear beneath your fingertips—soft, steady, and silent. Long sessions feel lighter. Your ideas stay front and center. And with programmable shortcuts, your repetitive tasks become one-touch routines.

Do-it-all connectivity

In a world where we move between devices like we change tabs, this keyboard keeps up. Shift between 3 devices in an instant—whether it's your desktop, laptop, or tablet—using energy-efficient Bluetooth® 5.3 or 2.4 GHz wireless. It's even built to perform among crowded signals, offers 128-bit AES encryption, and supports all operating systems.

Built to keep up

You won't be swapping batteries anytime soon—this keyboard is in it for the long haul with up to 36 months¹ of life on a single charge. Quality tested and backed by a 3-year warranty, it's more than just a peripheral.

¹ May varies depending upon the usage.

* Phone stand sold separately.
