

CHERRY KC 200 MX

Clear-cut design mechanical keyboard with anodized metal plate

Models may vary from the image shown

Reliable. Minimalistic. Mechanical. The KC 200 MX is the mechanical keyboard with perfect value for money – for all users who appreciate high quality and a modern design. An anodized metal plate and the minimalistic dimensions create a unique clean look.

CHERRY MX technology with Gold Crosspoint contact switches (Made in Germany) offers unrivaled precision and an incomparable typing experience. Sculpted keycaps further add to the pleasant type feeling. It goes without saying that the KC 200 MX also comes with Anti-Ghosting and Full-N-Key rollover, so that no inputs are lost. All this combined with a quick response time not only makes it a good choice for programmers, creators and keyboard enthusiasts – it also works great as a gaming keyboard.

MX Becomes MX2A: the new CHERRY MX2A mechanical switch that replaces the current MX full-size switch range. It promises smoother operation for a more responsive and satisfying typing experience, improved acoustics for a more pleasant sound and—depending on the selected switch variant—a guaranteed service life of more than 100 million keystrokes. If you are looking for a silent mechanical keyboard for your office, the CHERRY MX2A Silent Red switches are the perfect choice. They deliver a soft, quiet typing experience that

won't disturb your coworkers. And with durability rating of 50 million keystrokes, you can be sure they'll last for years. If you prefer a more tactile typing experience, the CHERRY MX2A Brown switches are a great option. They offer a noticeable resistance when you press a key, which can help you improve your typing accuracy. With a guaranteed actuation of 100 million keystrokes, there's no compromising on the input quality.

Four additional keys above the NUM pad give you direct controls over volume and the calculator app – perfect for daily office use. The CAPS LOCK, SCROLL and NUM keys have a status LED directly built-in. The F-keys were left with no secondary functions, so you can customize your own shortcuts, macros and more with the CHERRY KEYS software. It's available free of charge at www.cherry.de/keys. With CHERRY KEYS you can configure your keyboard to perfectly suit your individual needs.

The KC 200 MX corded PC keyboard is a versatile addition to your workspace – it is solid, resilient, adaptable, durable and stylish. It is the perfect choice for office and gaming alike.

FUNCTION AND PERFORMANCE

- Modern design: Bronze-colored metal plate, minimalistic dimensions and sculpted keycaps
- CHERRY MX Switches: Available in different switch variants – all made in Germany and featuring Gold-Crosspoint contact precision.
- White LED indicators built into the status keys (CAPS LOCK, SCROLL, NUM),
- 4 additional keys for volume controls and calculator
- Anti-Ghosting and N-Key-Rollover

TECHNICAL DATA

Weight main product:	29 oz
Dimensions product without packaging:	16,93 in x 4,76 in x 1,54 in
Cable-length:	5.25 ft
Storage temperature:	-13 °F - 149 °F
Working temperature:	32 °F - 122 °F

- Product approvals:
- BSMI
 - CE
 - China RoHS
 - FCC
 - KCC
 - UKCA

System Requirements-Hardware:	USB-A
-------------------------------	-------

- Operating system:
- Windows 7
 - Windows 8
 - Windows 10
 - Windows 11

Scope of delivery:	<ul style="list-style-type: none"> • Keyboard • Manual
